There is no other way but by universal suffrage in which you, and I, and every man can protect ourselves against the injustice, the inhumanity and the wrongs which would otherwise be inflicted on us. We have got to a point in this motion when we can adopt that great and glorious principle; no man darcs to say we shall not adopt it. Henceforth let us understand that universal suffrage, operating in the face of every man who is to be governed by votes cast, is one of those doctrines planted deeper than the granite on which our fathers laid the foundation of their immortal work, the work of universal liberty, which will last just as long as that immortal doctrine shall last, and no longer.

HAVANA.

HAVANA, March 17.—When Madam Ristori was announced to play the character of Teresa the Bishop of Havana interfered and denounced the performance to the authorities, but was not much heeded. The Bishop in consequence ordered the Curated in the districts through which Gen. Lersundi was to pass on his tour through the country not to ring the church bolls in his honor. Gen. Lersundi returned and telegraphed to Madrid, whence he reached for reply, to make himself be respected. The directors of the administration are unanimous on the subject. The Bishop has been put under arrest in his own palace, but will probably be sent to Porto Rico to await orders from Madrid.

Memphis, March 18 — Judge Hunter, of the Criminal Court, has adjourned that tribunal, as he alleges, in consequence of the pressure by libellous articles, which rendered it impossible for the judgment of the Court to be enforced, and that one offender, who had been committed, was illegally discharged, in company with other desperate men, who had sought to take his life. Therefore the Court stands adjourned until such obstacles to its administration are removed.

The press here ridicules his action and assertions, especially his charge that the release of the editors of the Avalanche by Judge Waldron, under a writ of habeas corpus, was illegal.
